1. CORRECTIONS REQUIRED - Projected front yard setbacks

NEW HOLD - 9/5/2025 – NEW CORRECTIONS REQUIRED

I would like to note that the location of the fence STILL appears to be within the projected front yard.

The projected front yard needs to remain unobstructed. In accordance with the zoning ordinance 6.101 Yards, every part of a required yard shall be open from its lowest point to the sky unobstructed. For this reason, you need to remove (in this case the fence and wall in front and left side yard) EVERY structure inside of the projected front yard or you may seek a variance from the Board of Adjustments. For information about applying for a variance, please contact the Board of Adjustments at: 817-392-2733, 817-392-8026 or email: boardofadjustment@fortworthtexas.gov .

Please provide the site plan without every structure inside of the projected front yard or a variance approved by the Board of Adjustments, for review. Further holds may apply.

Please upload a complete, combined (in one PDF file), and revised set of construction plans.

IMCOMPLETE - 8/28/2025 - CORRECTIONS REQUIRED
